

Innovating Feminine Health

sense

Smart Tampons Technology

Transforming menstrual health with our innovative IoT solutions and empower users with real-time insights.

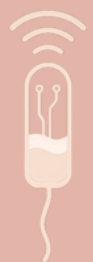

sense

Why Today's Tampon Fails Users

- **Saturation Uncertainty**
No real-time data on capacity
- **Data Blind Spot**
Missing critical health insights
- **Extra Bathroom Trips**
Unnecessary checks disrupt day
- **Health Risk**
TSS potential with prolonged use

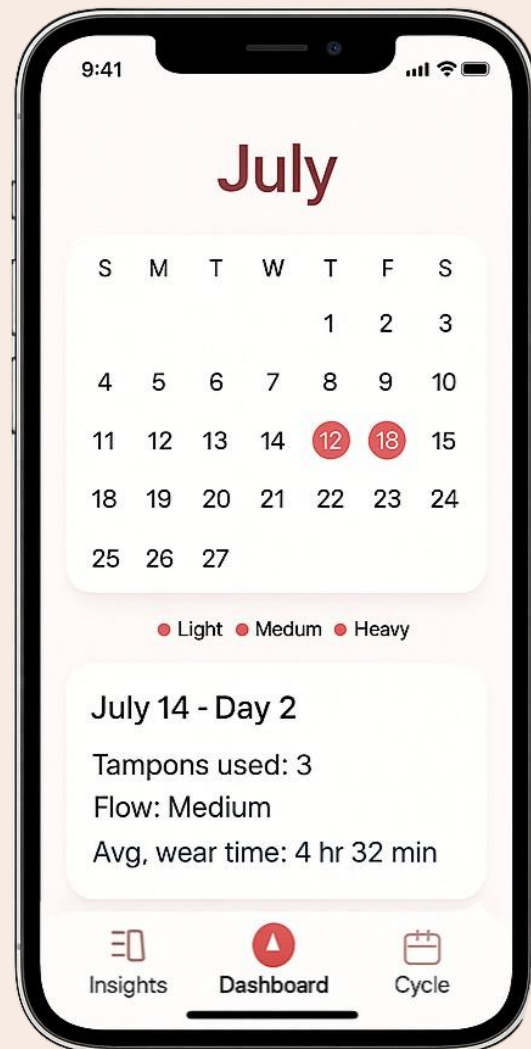

sense

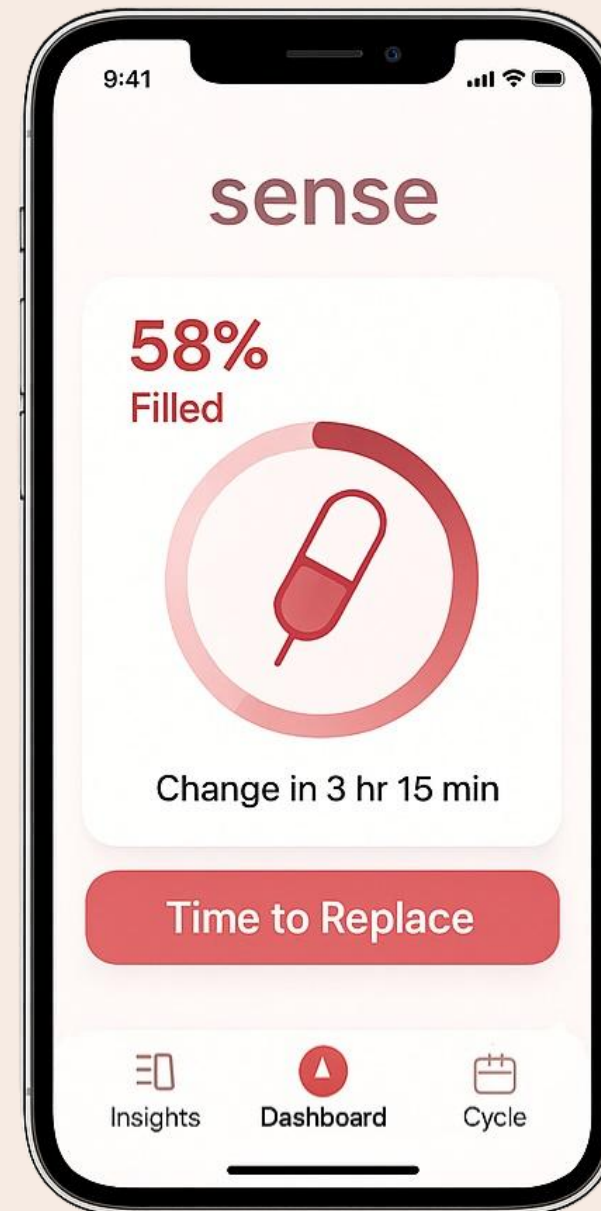

sense

User Experience

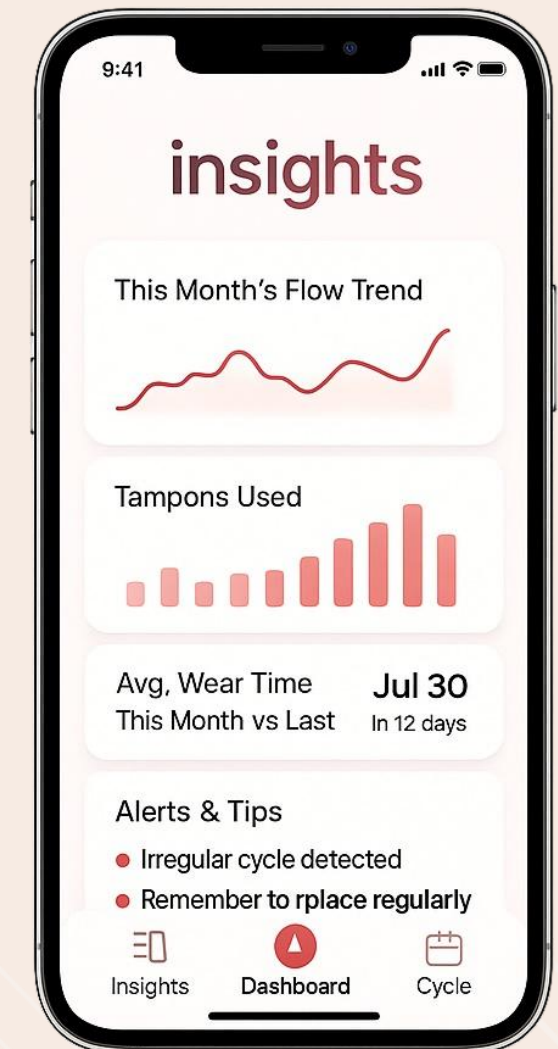

Automatic Documentation

effortlessly track historical menstrual data without manual input.

Real-time Tracking

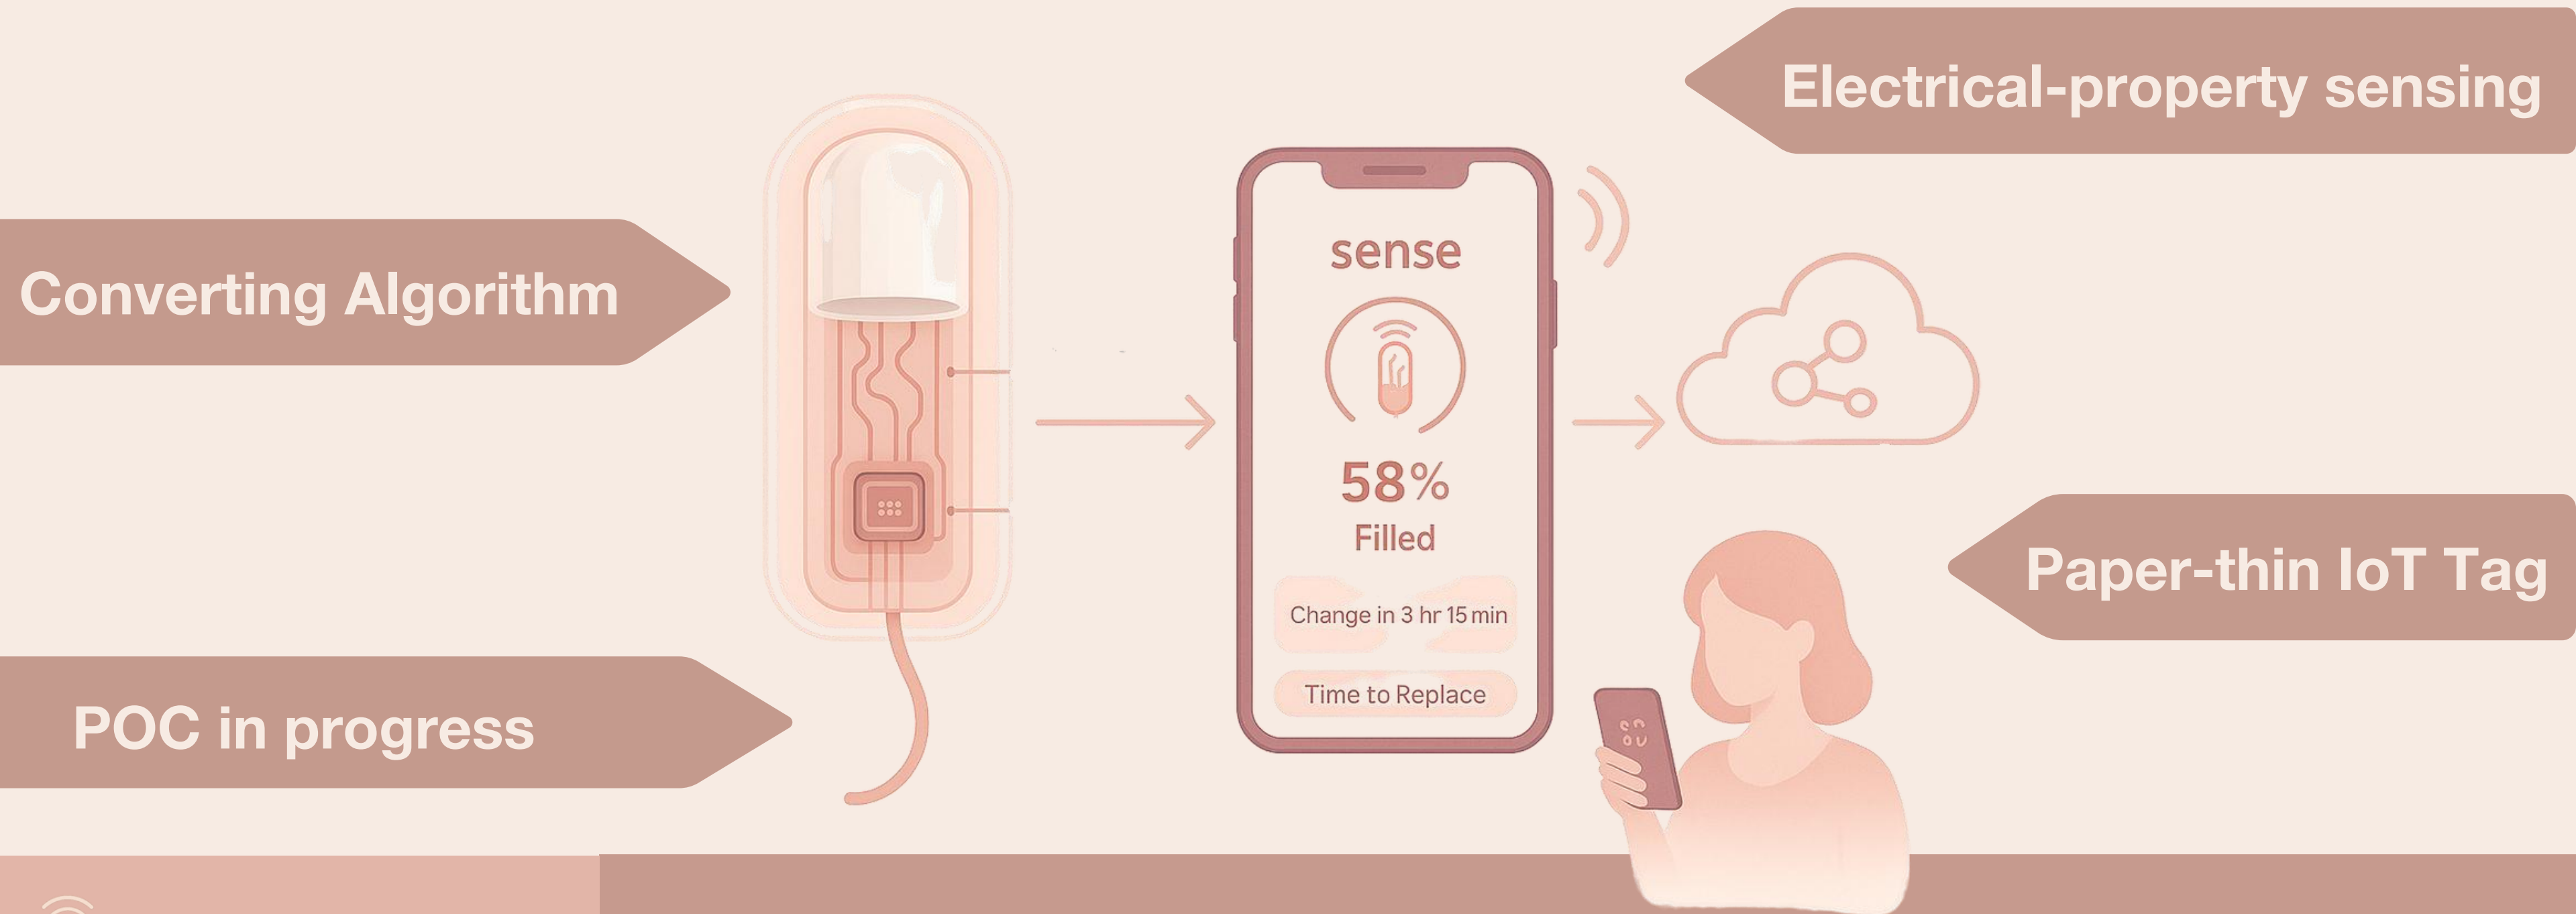

Track your cycle and flow with instant notifications.

Insights

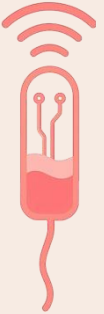

Track your flow trends easily and accurately.

Practical Path - From Idea to Pilot
